

MAY RESULT IN A BAD RUPTURE

PEACE NEGOTIATIONS AT PARIS MAY BE BROKEN OFF.

Spain's Demands May Lead to the Breaking Off of Negotiations—Cuban Legislative Action Causes Amusement At Washington—Quiet At Manila.

Washington, Oct. 26.—[Special].—There is some amusement mingled with pique here over the action of the Cuban assembly at Santa Cruz in refusing to disband the Cuban army unless the United States shall give guarantees that it will carry out its promise to guarantee the independence of the island. If such guarantees were needed on account of the failure of this government in the past to respect its covenants there would be less of adverse comment. The action of the Cubans is little short of impertinence, and will do their cause no good here.

SPANIARDS ARE ALARMED

Believe the American Attitude Portends a Failure of Peace Negotiations

Madrid, Oct. 26.—[Special].—News that virtual ultimatum has been received and a cabinet meeting was hastily called. Rios telegraphs that the Americans decline to discuss the two principal articles of the protocol concerning Cuba and Porto Rico and absolutely refuse to meet the Spanish claims. Rios predicts that in the event of a Spanish ministerial crisis the Americans will end the peace negotiations. In view of this critical situation Gen. Correa has withdrawn his resignation.

SPAIN'S FUTILE PROTEST

American Battleships Will Be Sent to Manila In Spite Of It

Washington, Oct. 26.—[Special].—No answer has been returned to the protest of Spain against the dispatch of the Oregon and Iowa to Manila. The protest contended that the sending of the battleships was a violation of the protocol. Naval officers intimate that the protest will have no effect, and that the vessels will be sent to Dewey as soon as the time is ripe.

QUIET AT MANILA.

Gen. Otis Reports Conditions Improving In The Philippines.

Washington, Oct. 26.—[Special].—The following is from Gen. Otis: Manila, Oct. 26.—[Special].—The transport City of Paris leaves today for San Francisco. Large mail aboard. The Secandia probably leaves in ten days for San Francisco. Quiet here and conditions are believed to be improving.

THE CABINET CONFERS.

Washington, Oct. 26.—During Tuesday afternoon and night information received by the president from Paris was discussed at the white house by Mr. McKinley and several members of his cabinet.

Secretary Hay, Secretary Alger, Postmaster General Smith and Secretary Wilson were with the president for some time. The information received from the American peace commissioners, which was said to be disquieting, was the main topic discussed, but so far as could be ascertained no action of any kind was taken.

The presence of the cabinet members at the white house gave rise to a report that a special meeting of the cabinet had been called to consider the Paris situation, but one of the officials who was present said that the informal conference could not be dignified as a cabinet meeting.

Precisely the nature of the information received by the president from the American commissioners was not disclosed. It is said, however, that the situation is embarrassing if not critical, in the opinion of the commissioners, although there is still reason for the expectation that the negotiations will not be broken off and that they will proceed to a successful issue.

It is understood to be the belief of the president that the uncertainty which now seems to cloud the proceedings of the joint commission will soon be dissipated and that an agreement will be reached that will be eminently satisfactory to the American people.

It is understood to be the belief of the president that the uncertainty which now seems to cloud the proceedings of the joint commission will soon be dissipated, and that an agreement will be reached that will be eminently satisfactory to the American people.

It is expected that additional instructions will be given to Mr. Day and his associates. It is not meant by this that any ultimatum has been or will be cabled to Paris. It is known, however, that the president is very much exercised over the action of the Spanish commissioners in repeatedly attempting to foist the Cuban debt upon the United States and the "manana" policy they are pursuing in order to delay the discussion of the disposition, government and general, until after the elections, believing that the voters will show that they are opposed to territorial expansion.

WAR CLOUD IS PASSING OVER

FRANCE SEEMS WILLING TO ABANDON FASHODA.

Her Public Men Admit That She Is In No Condition For a Conflict—England Is Fully Prepared to Assert Her Rights—Belief That Marchand Will Be Recalled.

Paris, Oct. 26.—[Special].—There is comparative quiet here this morning. The police, however, display great activity, and the people are not permitted to group, but are kept moving. Arrests are made on the slightest provocation. The troops were confined to their barracks today, but the men are ready for service at an instant's notice. No one can say what the day will bring forth. The country this morning is practically without a government. Events have made Dreyfus' fate a matter of doubt. There is hardly much doubt now that the army will succeed in shelving revision. The Fashoda incident is completely hidden, and talk of war with England is not heard.

PLAGUE IS SUBSIDING

Less Excitement in Vienna Over the Bubonic Disorder Recently Prevalent There.

Vienna, Oct. 26.—[Special].—The excitement caused by the prospect that the bubonic plague has subsided, and the danger has greatly diminished.

BYNUM WILL TALK ON THE FINANCES

GOLD DEMOCRATIC LEADER TO SPEAK TO REPUBLICANS.

He Is Chairman of the National Committee of Gold Democrats—Will Confine His Address to Financial Issues of the Campaign—One of the Most Eloquent of Orators.

But few braved the storm last evening to attend the republican meeting advertised to take place at the opera house, and those in charge deemed it wise to postpone it till tomorrow night. Mr. Hicks will be unable to attend at that time, but Chairman Nolan has secured Hon. William M. Bynum, of Indiana, to discuss the issues of the day. Mr. Bynum is a gold democrat, and during the last presidential campaign was chairman of the national or gold wing of the democratic party which supported Gen. John M. Palmer for president. He does not confess to having been converted to the republican party in all matters, but is in hearty accord with that party on the financial issue, and to this branch of the campaign he will devote his speech. He is one of the few democrats who esteem the country's honor of far more importance than party success. He is one of the most eloquent speakers in the west, and while in congress always received an attentive hearing from adversaries as well as friends. He will be well worth listening to.

Hon. W. G. Wheeler will be chairman of the meeting.

GONE TO SLEEPY CITY

President McKinley Attending the Peace Jubilee at Philadelphia Today.

Washington, Oct. 26.—[Special].—President McKinley departed for Philadelphia this morning to attend the peace jubilee.

CARGILL'S AGENT WAS HERE

Predicts a Busy Season For the Jamesville Elevator.

C. H. Quackenbush, of Green Bay, was in the city today in the interest of W. W. Cargill & Co.'s grain elevator in this city. He says that his firm is looking for lively business here in Jamesville from now on, and that the elevator has been put in the best of condition for receiving purposes.

Of late the falling off in receipts is due to the very poor roads which prevail throughout the entire country. Farmers cannot bring in their grain until the roads become good again.

The firm has not commenced shipping to a very large extent yet although a few small shipments have been made.

WILL ENTERTAIN AT ARMORY

Society Function Scheduled For Wednesday Evening, Nov. 9

Invitations were issued this morning for a party to be given by Mrs. Norman L. Carle and Miss Carle, the event to take place in the Armory on the evening of Wednesday, Nov. 9. Refreshments will be served at 6 o'clock at small tables, and dancing will follow. The music to be furnished by Smith's orchestra of ten pieces. The hall will be prettily decorated, and the coming function promises to be one of the most brilliant social events of the season.

Madrid, Oct. 26.—[Special].—The resignation of the captain general of Madrid has been accepted.

WAR CLOUD IS PASSING OVER

FRANCE SEEMS WILLING TO ABANDON FASHODA.

Her Public Men Admit That She Is In No Condition For a Conflict—England Is Fully Prepared to Assert Her Rights—Belief That Marchand Will Be Recalled.

Paris, Oct. 26.—[Special].—There is comparative quiet here this morning. The police, however, display great activity, and the people are not permitted to group, but are kept moving. Arrests are made on the slightest provocation. The troops were confined to their barracks today, but the men are ready for service at an instant's notice. No one can say what the day will bring forth. The country this morning is practically without a government. Events have made Dreyfus' fate a matter of doubt. There is hardly much doubt now that the army will succeed in shelving revision. The Fashoda incident is completely hidden, and talk of war with England is not heard.

Paris, Oct. 26.—[Special].—The fact is admitted here by those best informed in public affairs that France is not prepared to go to war with Great Britain over the Fashoda affair, and it will probably be settled by the recall of Colonel Marchand. It is argued, too, that France has little occasion for an invasion of the Upper Nile. She has no dependencies thereabouts to protect, and while she would like to acquire territory in that region its cost would prove a heavier burden than the people would care to bear with patience. While a show of sustaining Marchand is made by the government it is believed he will be recalled ere war becomes inevitable.

London, Oct. 26.—[Special].—The editor of the Paris Temps writes the Chronicle that the French government has decided to evacuate Fashoda.

Marsolles, Oct. 26.—[Special].—Gen. Kitchener arrived here today. He was enthusiastically received by deputations of Frenchmen, who thanked him for the courtesy he had extended to Maj. Marchand. Kitchener in reply spoke in eulogistic terms of Marchand and his followers.

Paris, Oct. 26.—The Brisson cabinet has fallen. It was upset Tuesday by a vote of "no confidence" in the chamber of deputies, based on opposition to its handling of the Dreyfus case.

Vast crowds gathered in the Palace de la Concorde at 4:30 o'clock in the afternoon and began a violent demonstration, crying "Long live the army," "Down with the traitors," and "Down with the Jews."

The police, who were on the alert and in strong force, charged upon the crowd, and several persons were injured. A number of the crowd were arrested, including one of the editors of the Libre Parole, the anti-Semitic organ.

It was noticeable that in the streets, as in the chamber of deputies, the Fashoda question was ignored. No anti-British cries were raised. The populace are quite unmoved by the international question. Their hostility was confined to Jews, Dreyfusites and revisionists. There were some serious disturbances. A stiff fight occurred on the Boulevard Montmartre between the police and the anti-Jew rioters and several of the mob had their heads broken.

It was a day of disgraceful scenes and violent excitement both within and without the chamber of deputies, but throughout the disturbing events not one word or thought was devoted to the crisis which Great Britain seems to think makes war with France all but inevitable.

This distracted country is completely absorbed in her appalling domestic troubles, and the people at large scarcely recognize the existence of a Fashoda dispute. It is difficult to believe under these circumstances that war can arise.

Certainly it cannot come to pass without wanton provocation and deliberate design on the part of one or both governments. But France now has no government, and Great Britain would hardly be able to justify herself in forcing war upon a country in this dilemma.

President Faure admirably maintained the dignity of his office and of France throughout the crisis. He will have a conference today with regard to the formation of a new cabinet with the presidents of the senate and chamber of deputies.

Prince Henry of Orleans has written a letter to the Matin declaring that France has a right to an outlet on the Nile and appealing to all Frenchmen to stand together in defense of that right. Most of the newspapers continue to express confidence in a peaceful solution of the difficulty.

Criticism for Great Britain.

Montreal, Oct. 26.—The French-Canadian papers are freely criticising Great Britain over its course in Egypt. La Patrie, the government organ, states that though the people are loyal subjects of the empire, they are Frenchmen also.

KIDD TESTIFIES IN HIS OWN BEHALF

OSHKOSH CONSPIRACY CASE IS NEARING ITS END.

Accused Labor Leader Takes the Stand and Relates Occurrences During the Strike—Disclaims Responsibility For Acts of Violence—Knew of the Picket System.

Oshkosh, Wis., Oct. 26.—Thomas I. Kidd, the principal defendant, was the only witness in the conspiracy case yesterday. He denied that he managed the strike. He said the woodworkers' council had had charge and that his duty was to look after the finances, attend to the distribution of the benefit money, and represent the general organization. He said that in this, as in all strikes, the initiative was taken by the members of the unions, and was not the prerogative of the general officers. The strike lasted about fourteen weeks. During that time he spoke to the strikers about four times a week. At all times, he said, he advised peaceful measures. He denied the testimony introduced by the state that the defendant had said to the strikers: "In Chicago the scabs would find themselves in the hospitals."

He knew of the picket system and, when the first force of pickets was organized, he advised them to use no violence in their work, to be orderly, and to keep away from saloons. He did not know Troiber, one of the defendants, until after he had been arrested. He became personally acquainted with Zentner when the strike was about two weeks old. He never had any conferences with either of the other defendants in reference to the Paine Lumber company.

The history of the conferences held for the purpose of settling the strike was gone over, and Kidd declared he had done all he could in the matter to bring about an understanding. He also testified that he knew nothing of any of the riots until after they had occurred. On the morning of June 23 he heard of the Morgan riot at 8 o'clock, after the riot was practically over. He did not know, at the time, that the affair was serious, but took no pains to inform himself in regard to it. In the afternoon he heard that there was to be trouble at Paine's, but did not believe the report. He went driving, and did not know of the McMullen riot until after it was over.

FARM PROPERTY AUCTIONED

Live Stock on the Phelps Farm Brought Good Prices.

At the M. M. Phelps farm, south of this city today, an auction sale was held for the purpose of disposing of personal property belonging to the deceased in order that the affairs of the estate might be settled. Auctioneer Dooley presided, and the live stock and farming tools were disposed of at fair prices.

Attorney B. F. Dunwiddie as administrator, was in charge of the sale, and was well satisfied with results. There was a good sized number of bidders in attendance, and at noon a free lunch was served on the farm. Caterer George Shurtleiff being in charge.

WILL AWARD ROAD CONTRACT

Special Session of the Council Called For This Evening

The common council meets in special session this evening. The main work to come before the meeting will be the awarding of road contracts.

City Engineer Brown yesterday took a survey of that portion of South Franklin street from Milwaukee to the south side of Dodge street for the purpose of getting proper specifications to be submitted to contractors who will bid on the work of macadamizing that portion of the thoroughfare.

No other business of importance is scheduled for this evening outside of the macadamizing contracts.

MAKING BOGUS COINS

Counterfeiters Den Discovered By Two Hunters Near Prairie du Chien.

La Crosse, Oct. 26.—[Special].—Counterfeiting operations on a large scale have just been unearthed near Prairie du Chien. Fred Ahrens and Fred Chenoit while hunting ran across a counterfeiters den in Mill Coulee, four miles from Prairie du Chien. A cozy hut had been built and in it was found a crucible, molds, bottles of acid, metal, etc., and a cigar box full of fairly good counterfeit of nickels. The authorities were notified but thus far no positive clues have been found. Considerable of the spurious coin is in circulation.

GETTING RID OF THE FEVER

Fred Baxter Is At Last On the Road to Recovery.

Fred Baxter, who has been very ill of typhoid fever at the home of John C. Hill, is recovering. He came back from the south very much reduced in strength, and when taken sick was given a room in the Franklin house. Later Mr. Hill took him to his own home where he could have better care, and to the constant attention of Mr. and Mrs. Hill and the unflagging efforts of Dr. and Mrs. Edden his recovery is attributed.

EXTENSIVE DAMAGE WROUGHT BY STORM

TELEPHONE COMPANY SUFFERS HEAVY LOSS.

Manager Slater Says the Damage Will Reach \$150—All Communication South Was Cut Off Early In the Evening—Telegraph Companies Have Plenty of Trouble.

The severe storm of last evening wrought extensive damage in all parts of the county. The telephone and telegraph companies running into this city were given all kinds of trouble by the blowing down of wires.

The Wisconsin Telephone company were entirely cut off their toll lines south of the city being out of working order.

Manager Slater was obliged to follow lines north of the city towards Edgerton, repairing them in several places. In the city alone the damage to the telephone company is estimated at \$100.

The telegraph companies had much trouble, and the same existed throughout the state.

On the Chicago & Northwestern railroad the wind and snow interfered with the arrival of trains on time. The 9:30 vestibule was a half hour late, while the midnight train arrived after the one o'clock hour.

When the 6:30 vestibule from St. Paul arrived this morning the trainmen reported heavy snow all the way to the Minnesota line. Near La Crosse the wind blew at the rate of fifty miles an hour, and the temperature dropped several degrees in a short time.

Although the majority of business men here found business dead as the result of the storm, there were others whose hearts were made glad. The street cars and hackmen did a thriving business until late into the night. Hotel men smiled and looked happy for the day proved to be one of the best of days for them.

DEAD NUMBER FIFTEEN

Other Victims Added to the List of Casualties at Harpersville, Mississippi.

Forest, Miss., Oct. 26.—[Special].—The bodies of three more negroes killed in the riot near Harpersville, have been found, increasing the list of killed to fifteen, one being a white man.

FRICKE IN A BAD MATRIMONIAL FIX

HIS DUAL FAMILY LIFE MAY CAUSE HIM TROUBLE.

His Mother and Brother Said to Be Indignant At His Treatment of His Milwaukee Spouse—The Latter Still Believes He Will Return to His Allegiance.

Milwaukee, Wis., Oct. 26.—There was general discussion of the Fricke case today. The politicians say that it is a wonder the story was not published long ago. They profess to have known it for a long time, but none of them knew that the Madison directory gave the name of Mrs. Fricke in that city.

The story was first whispered through a repetition of the threats said to have been made by Dr. Fricke's mother. She was quoted as saying that if the wife of Dr. Fricke did not prosecute him she and a brother of Dr. Fricke were going to do so. Powerful influences were at once set in motion in Dr. Fricke's behalf. The brother, who occupies a prominent position with a brewing company, then positively denied that he knew anything about the case. Mrs. Fricke today added to her story of yesterday by saying:

"I remained in Milwaukee of my own free will, being already comfortably situated in our home here, and the doctor being able to be at home two or three days every week. I expect to join him in New York as soon as he can find a home for us there in the spring. He has always been the kindest and most indulgent of husbands, and I'll refuse to believe this story. I expect a letter from the doctor tomorrow explaining the animus of these charges."

CHICAGO VOTE LIGHT

Decrease in the Registration Indicates General Public Apathy Among the Voters.

Chicago, Oct. 26.—[Special].—The peace jubilee engrossed so much of the public attention here that there has been little time left for the discussion of politics and for the necessary work of the campaign. The result is that the registration, which closed last night, shows a falling off from 1896 of 53,497 names. Each party claims that the decrease is due to apathy on the part of voters on the other side, and claims a victory in prospect. There are no data, however, upon which a reliable opinion may be based. Many of the republican wards show a decrease in registration, it is true, but it is probable that the democrats in those wards were the ones who failed to register, appreciating the fact that their votes when cast counted for nothing in the selection of local officers, in which the chief interest centers.

The total registration this year is but 326,748. Probably less than 300,000 of this number will vote. While the chances favor the democratic claim there is no certainty that they will carry the city, for party lines were never so loosely drawn, and the independent vote has a habit of springing surprises upon the public.

CROWD GOT A DUCKING

Fall of a Sidewalk in Racine Precipitates Fifty People Into The Lake.

Racine, Oct. 26.—[Special].—While a large crowd of people were watching a tug entering the harbor with a vessel this morning the sidewalk, which had been undermined by the seas, gave way and let the crowd into the lake. About fifty people went down, but all escaped but two little girls, who were injured.

STORM GOING ONWARD

Blizzard That Passed Over Jamesville Yesterday Is Now Moving Eastward.

Chicago, Oct. 26.—[Special].—The blizzard which raged in the Dakotas, Iowa and Illinois yesterday and last night is now traveling eastward. The storm centre was located this morning over Ontario. There has been a decided fall of the temperature in Upper Lake and Central Valley regions.

TELLS OF LOVEJOYS IN THE EARLY DAYS

JANESVILLE MAN'S FAMILY TREE SKETCHED.

In a History of Wayne, Me., Appears Many Interesting Reminiscences—Wisconsin Branch Is Traced From the Lovejoys Who Settled in Massachusetts Colony in 1730.

Hon. A. P. Lovejoy has received a handsomely arranged history of Wayne, Me., his old home. The picturesque old village dates back to 1751. The Lovejoy name appears on public documents as early as 1798. Wayne has produced many eminent men. One of Mr. Lovejoy's fellow townsmen who has been much in the eye of the public of late, is Dr. Hiram S. Maxim, inventor of the Maxim gun.

The Lovejoys of Wayne, are all descended from John Lovejoy, of Andover, who was one of the first freeholders of Massachusetts. His great grand sons, Ezekiah and Francis, moved to Amherst, N. H. where Ezekiah raised a family of eight children. The oldest was Lieut. John Lovejoy, who moved from Amherst to this vicinity in 1795. The other great grandson, Francis, moved from Amherst to Albion, where were born his famous grandsons—the former whose life was taken while defending the cause of anti-slavery at Alton, Ill., the latter, who championed the same cause in congress with eloquence and during the days when an abolitionist was almost an outlaw. The history says:

Captain Ezekiah Lovejoy and his son John were notable men in Amherst during and after the revolutionary period. Ezekiah's signature is affixed to various papers on church and state matters. He was several times on the committee to procure soldiers for the continental army and was chosen on the Committee of Safety from 1777 to 1781—also on a committee to examine the constitution of the state and approve and adopt a new one. We find the names of Ezekiah and John Lovejoy signed to the following patriotic document in 1776: "We, the subscribers, do hereby engage and promise that we will, to the utmost of our power, at the risk of our lives and fortunes, with arms, oppose the hostile proceedings of the British fleets and armies against the United Colonies."

They kept this promise by afterwards risking their lives in the Revolutionary army, where they served faithfully and with honor. Their fortunes were lost in the vicissitudes of war and the financial stress following, and so they decided to emigrate to Maine and begin anew.

Capt. Ezekiah prospected this region and soon after Lieut. John Lovejoy with his wife Martha Odell and eight children moved from Amherst to Fayette, making the journey of 200 miles in an ox cart. He bought a tract of land about midway between Fayette Mills and North Wayne, reaching from the old Plymouth Grant line on the west to Lovejoy Pond on the east, and extending north and south far enough to include at least 200 acres. To the eight children brought into this wilderness, another, a daughter, was added and all grew to manhood and womanhood here. The oldest one, John Lovejoy, married one of the Jennings family, well known in Wayne and Leeds. Collins, the third son, lived in Wayne village. He was father of Collins, Jr., and Leonard, formerly well known ax-makers of Chesherville, and of a beautiful daughter, who married George Fairbanks.

Nathan, fourth son of Lieutenant John Lovejoy, bought a farm in the northern part of Wayne just above Wing Pond. He married Temperance Wing, of Wayne, and reared a family of nine children, among whom are: Hubbard, who was for years a builder and contractor here, and was captain of the Wayne Rifles. Just before the war he moved to Auburn; Tillotson, who was a skillful machinist of North Wayne; Nathan Ellis, a prosperous and respected lumber dealer of Columbus, Ohio; Hon. Allen Perry Lovejoy, of Wisconsin, who is engaged extensively in the lumber business, and who has held many offices of trust and honor in business and politics. The youngest son, Alden Wing Lovejoy, lives a quiet, musical life in Massachusetts. Among Nathan Lovejoy's daughters were Harriet, who married David French, of Mt. Vernon, and Attai, who married Sears Frost, and lived on the old place. Records show the early Lovejoys to have been men of ability, integrity and wisdom, to whom the people in trying times confided the interests of church, colony and country. Their descendants of this century have a high standard to attain if they show themselves worthy of such ancestors.

Hon. Allen Perry Lovejoy was the fourth son of Nathan and Temperance Wing Lovejoy. He inherited the sterling traits of his ancestors and during his boyhood on his father's farm was trained to habits of industry, frugality and self-reliance. He received his preliminary education in the district schools of Wayne, and afterwards was a student at the Maine Wesleyan seminary. At the age of seventeen he began learning the carpenter's trade and from then until he was twenty-five he worked at his trade summers and taught school during the winter months. In 1850, he turned his steps westward, reaching Milwaukee, Wisconsin, in the early summer, making the journey on foot. But he was energetic and hopeful and at once obtained work at which he continued nearly two years. He then went to Beloit, where he was an employee and afterwards a partner in a lumber firm. Returning to Janesville in 1853, he resumed his trade and prospered, being both a skillful workman and a good business manager.

In 1860, he had sufficient capital to

open a lumber yard on a limited scale but also continued his building operations till 1863, when he discontinued his trade and devoted his entire attention to his lumber business. In 1870, the firm of Lovejoy & Richards was formed and a lumber yard was opened at Oregon, Wis., which was followed in succeeding years by the opening of yards at Brooklyn, Mt. Horeb, Dodgeville, Blue Mound, Barneveldt, Stoughton, New Glarus, Argyle and Blanchardville. Prior to this, in 1866, Mr. Lovejoy began investing in pine lands and in company with others has since engaged extensively in logging on the Wolf, Chippewa and the Wisconsin rivers, having cut in a single season more than thirty million feet of logs. He is interested in a sawmill on the Chippewa river, and also at Merrill, Wis., which has produced as high as thirty-two million feet of lumber in a season. Mr. Lovejoy is preeminently a man of affairs; and besides being a director of the United States Lumber Company, vice president of the Merrill Lumber Company, is director and vice president of this State Lumber Company. He is a stockholder and director of the Janesville Cotton Mills, president of the Janesville Machine Co., successor to the Harris Manufacturing company of which he was a stockholder and president from 1835 to 1872, and proprietor of the Monterey Flouring mills. He is president of the Early Settlers' club of Rock county, Wisconsin. He is the owner of the Lovejoy homestead as well as fine farms in Wisconsin. His remarkable achievements are the result of his tireless energy, clear forethought and ability to utilize his opportunities. His dealings have been characterized by the strictest integrity and in everything he is known for his fidelity and firmness. He has great self-reliance and firmness, is careful and deliberate in his judgment, and cautiously considers whatever he undertakes. In stature he is tall and well developed, and in all his movements looks the leader he is. He has been somewhat conspicuous in political affairs and is a republican but not a politician. He represented his district in the state legislature in 1878, being elected by the largest majority ever given a candidate for that office, and was elected State Senator in 1886 and in 1897 was chosen mayor of Janesville and in every instance discharged his duties with ability and fidelity worthy the confidence imposed on him.

On May 29, 1880, Mr. Lovejoy married Miss Julia I. Stowe, an accomplished woman of refined and cultivated tastes, a daughter of Mr. Henry Stowe, of New Haven, Conn., and by her has four children, viz: Allen P., Henry S., Julia and Webster Ellis. Mrs. Lovejoy's father has been an honored member and deacon of the Baptist denomination in New Haven for more than half a century. Mr. Lovejoy is a man of religious nature, not connected with any denomination or sect, but cheerfully gives to the support of all that appeal to him, believing as he does that man's highest good and noblest end are attained through the development of his religious nature.

WILL SPEAK ON PROPHECY

Elder Williamson Will Talk Tonight at Corn Exchange Hall.

Elder B. F. Wilkinson will speak tonight on the subject "Prophecy." Elder Wilkinson is a young man who is well acquainted with the bible. He is a classical graduate of Ann Arbor university, and last year was professor of Biblical Exercises in Battle Creek college, Battle Creek, Mich. In these public services special attention will be given to the prophecies of Daniel and Revelation. The meetings are held each evening at 7:30, in the hall over the building adjoining the Republican printing office. The public are cordially invited to attend these gospel services. There is good singing, conducted by Mr. Beardslee.

ARE RESPECTING THE LAW

Hunters at Lake Koshkonong Are Paying Due Debt To It.

Deputy Game Warden Johnson, of Oshkosh, who was recently at Lake Koshkonong giving warning to all illegal hunters, got in his work at Wautoma when he caused the arrest of Gustave Moake, of Tusten, charging him with violating the game laws by shipping birds out of the state in large quantities.

Local hunters who returned from Koshkonong say that the game laws are not being violated there now.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notice.

Emerald Grove, Oct. 25.—William H. Davis returned from Lebanon, Oregon, where he has spent the last year. The country and climate is all right, but still Rock county is good enough for "Bill." James Plants and wife will soon move to Janesville, Wis. Elias Heller and wife were taking in the sights in this village on Monday. Mrs. D. M. Barlass and daughter May spent last week in Chicago the guests of Mr. and Mrs. Joseph Earl. Fred Bohem of Parkersburg, Iowa, was a pleasant caller week before last. Hog cholera seems to be on the decrease since the wet cold spell set in. Pure gold flour at Gillies & Jones, \$1.00 per sack. When Gilbert Larson returned from Chicago last week he brought back his wife and began housekeeping on the Indian farm south of the grove. His friends knew this and planned a surprise on them last Friday evening. Some seventy or more of the young people spent the evening with the bride and groom and fully demonstrated to them that they were interested in their future welfare and happiness. An appetizing lunch was served at midnight which was enjoyed by all. At high noon, on October 19, 1898, Harry Jones and Miss Stella Lloyd, of La Prairie, were married at the home of the bride's father, Henry Lloyd, Rev. C. W. Dennis of Emerald Grove, officiating. The guests were near relatives of the contracting parties. A goodly number of presents were in evidence of the interest of their many friends in their welfare. Their numerous friends wish them a long and happy life.

Fairfield, Oct. 24.—Charles McCarthy who has been ill with bilious fever, is convalescent. J. Medbery and his music pupils of Delavan and Fairfield will give an entertainment in the M. E. church on Friday evening. Mr. Garry, from near Milwaukee, is new butter maker at the creamery. Miss Nellie Chesebro has returned to her home in Jessup, Iowa, after several weeks' visit with Wisconsin friends. She was accompanied by her cousin, Miss Myrtle Palmerton, who expects to enter the Jessup school. Miss Maggie McGalski, of Milwaukee, who so seriously fractured her ankle by falling from a bicycle, while visiting her brother at this place, is recovering from her injuries as rapidly as could be expected. The real estate deals between J. Waterman and Albert Monroe and J. Waterman and the H. Johnson estate are to be completed soon. Mr. Abner Chamberlain and family have moved to the farm of A. Locke. We are glad to welcome them as residents of Rock county again.

Gavin Spence Will Sing

The noted Scotch vocalist Gavin Spence has been engaged to give an entertainment at the Rock Prairie United Presbyterian church Friday evening, Oct. 28. He is well known to Rock County people having appeared on numerous occasions. The program will be particularly interesting and Mr. Spence will be accompanied by Miss Marie Hebard.

THE IRONMASTER TONIGHT

Promise of a Brilliant Performance of The Famous Drama. Fascinating Eleanor Robson, the ingenue of the Salisbury Stock company from the Davidson theatre in Milwaukee will be seen here tonight at the Myers Grand as Suzanne in "The Ironmaster." This charming young girl has become the prime favorite of the critical Milwaukee audience and press and indeed she deserves to be. Exceed-

ingly pretty and attractive she earns for her the friendship and admiration of the entire audience before she has been on the stage more than a few minutes, and her ability as an actress is unquestioned, for she approaches the most difficult and widely differing roles with a certainty of touch and versatile character-portrayal really remarkable when one remembers that she has been on the stage hardly a year. Seats and boxes are on sale. Prices 25, 35, 50 and 75 cents.

MISSING WITH THE MONEY

Sudden Departure of An East Side Young Man From the City.

Rumors have been circulated about the city to the effect that a well known young man engaged in business on the east side has made himself scarce, and before he decamped he managed to collect much outside money belonging to the firm.

Just why he should leave in this manner or where he has gone seems to be a mystery to those interested. It is said that a satisfactory settlement of the affair will soon be brought about.

A Three Day Rush.

There will be a three day rush but we have provided for it with an extra force of salesmen. The inducement men's fine beaver overgaiters free with every \$2 purchase or more. WOES OF WORKERS.

How Machinery Shatters the Nerves.

Dangers to Which Working Men and Women are Exposed.

Thousands Saved by the Timely Use of Dr. Greene's Nervura.

Those who are familiar with the hideous roar of a boiler factory or the deafening blows of a trip hammer readily realize how noise affects the nerves. Few understand, however, that the incessant clatter of a loom or the gentle buzzing of a sewing machine are equally exhausting. It is an everlasting monotony that overstrains the nerves and undermines the strongest constitutions. Work must be varied to be healthful, and few working men and working women are able to

change their occupations in the slightest degree or to modify their surroundings. This explains why derangements of the nerves and blood are so common among people whom the unthinking expect to be models of health. It is diseased nerves and weak or vitiated blood that drive so many working men to alcoholic stimulants and so many working women to morphine and other seductive drugs.

There is only one specific for diseases of the nerves and blood and that is Dr. Greene's Nervura and nerve remedy. This sovereign remedy will promptly and permanently cure nervous weakness and exhaustion, loss of ambition and spirits, inability to sleep, craving for stimulants, nervous headaches, neuralgia, emaciation and general debility and lassitude. If you feel the need of medical advice, Dr. Greene invites you to consult with him fully and freely, personally or by letter, at his office, 143 State St., Chicago, Ill. Dr. Greene makes no charge for consultation and advice.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia Or Sour Stomach.

Now Recognized As a Cause Of Serious Disease

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets, and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

Three Points.

There is a good deal of satisfaction in knowing that your clothes fit you and look well. It is as important as the wearing qualities, and when the three points are combined you have just the kind of clothing we are selling. Our fall stock was well selected and bought early. We can, therefore, offer you the best in the market. The price is in strict accord with the quality and is the same to all.

We never put up a better suit than the kind we offer now at \$25 to \$28. They are absolutely perfect and will outwear two ready made \$18 to \$20 suits.

THE IMPORTANT ISSUE.

Madison State Journal.—It is an important duty today as it was in 1896

that the people vote in favor of a sound and stable currency. Republicanism is this year, as surely as it was two years ago, the bulwark of a safe currency and the national credit. It is as apparent now as it was then that if we are to have an enduring prosperity, we must maintain the standard of value recognized by a civilized world. There can be no issue as important to public and private interests as the money issue. Upon the right settlement of this depends our prosperity. There can be no question dividing republicans and democrats which is at all comparable in importance to that of the payment of all private and public obligations in an absolutely sound money. If the democratic party through its folly or weakness has taken a wrong position upon the money question, then will the thinking and conscientious men of the party refuse to vote with it and give their aid to that party which stands pledged to the existence of the present monetary standard. All other questions of political difference are of little account as compared to this one which directly affects the interests of every citizen. If the conditions of the presidential campaign of 1896 are to be defeated at the congressional elections of this year, the democratic party have only themselves to blame. They have allowed a noisy and impracticable minority to dictate the issues on which the campaign should be fought and in doing so they have inevitably driven the intelligence and conscience of the American people into the republican ranks.

The election of a majority of congressmen favorable to free silver and Bryanism would create a condition of unrest that could not fail to affect our credit abroad and disturb the confidence at home. There cannot be too earnest an effort made to compass the defeat of the party which stands for unsound finance. Until the democratic party washes its hands of repudiation, inflation, and the other mischievous dogmas of the Chicago platform it must be treated as a public enemy by every man who has a tangible stake in the honor and welfare of the nation. At such a time as this, the major consideration of keeping the basis of the currency sound and secure must take precedence over all other questions. The threat of free silver is a menace to the stability of our institutions and the whole fabric of public and private credit. The country has just now entered upon an era of renewed confidence and prosperity, and the movement for better times must not be retarded by the

No matter how much we may differ upon other questions, we should all unite to resist any assaults upon the financial integrity of the country. Democrats are as greatly interested as are republicans in the maintenance of a safe monetary system and can well afford to ignore minor questions until our financial policy is definitely settled.

The more noise the democratic county ring makes, the better. It only draws public attention to the ring and its high handed dictation. The people dictated the county nomination of the republican ticket. This fact was shown by the fact that all were made unanimously, and most of them by acclamation. The people of Rock county know all the nominees and that their administrations have been creditable to the party, the officers and the county. They have given good service and administered their offices economically. Facts that the tax payers will not forget when they come to vote.

Marinette Eagle.—Every democratic nominee for congress in this state is an ardent advocate of free silver coinage at the ratio of 16 to 1. Two of them are ex-republicans who went into the democratic camp on the one principle alone of free coinage. All of them are also free traders. Moreover, on the election depends the question of whether the free silver advocates shall continue to control the United States senate. And yet the democratic papers would make the voters believe that national affairs are not in issue.

The democrats criticize Gov. Scofield because he refused to be a demagogue, and sign an illegal bill because to sign it would have been popular—though it meant litigation, expense, and certain defeat for the people. If he had signed it, and the courts had set it aside, the democrats would have howled just as loud because he did sign it. The truth of the matter is that the Bryanites refuse to sanction anything that a republican does, be it right or wrong.

Our democratic friends all told us that William McKinley was not a fit man for president, yet note the brilliant administration that he has given the people. Strange, isn't it, that democracy should have such poor judgment. Free silverites make a signal failure when it comes to prediction, and the fact is as apparent now as it was two years ago.

When some democrat tells you a campaign story, just stop and think a moment, and nine times out of ten you will find that the same man has told you something of the kind about every election for ten years back. And how many of them proved true?

Wisconsin will send her compliments to President McKinley this fall, with a heavy republican majority. Rock county is the banner republican county of the state, and that she will do her share goes without saying.

MILITARY COMPANY WITH NEW MEMBERS

ANOTHER ORGANIZATION NOW
UNDER WAY.

May Include Members Who Never
Were In The Ranks Before—Ex-
Local Military Members Have the
Task In Hand—Captain Hanson
Will Not Again Enter the Service.

Local parties, who are ex-members of a former military company that once thrived in this city, are at present quietly laying plans for the formation of a new company here to take the place of the Light Infantry that is now a thing of the past.

The idea is to have the new company composed of the leading young men of the city if such a thing is possible.

Once a Crack Company.

Several years ago Janesville had a company that was second to none, and it was always considered quite the proper thing to belong to it.

Of late years Co. A. has had much uard luck to contend with in one way or another and instead of holding its place in the ranks it seemed to have gone the other way. No effort has yet been made by any of the officers or men of the lately mustered out company to reorganize. Captain Charles L. Hanson stated today that he did not propose to again take the matter in hand, nor would he again consent to act as captain. He says that he has had all of it that he cares for but is willing at any time to lend aid to those who now have the work of forming a new company in hand. Many members of the old company are not in favor of reorganizing and as it requires sixty-five members to reorganize a company there is considerable doubt in the minds of the few interviewed if any effort will be made by ex-Light Infantry members for organizing.

Those who now have the work in hand of forming a new company here wish their names withheld for the present, or at least till they find out whether or not they can secure the required number.

Inducements to Old Members

Adj.-Gen. Boardman, of Madison, has notified ex-Captain Hanson that if the members so desire, they will be taken back into the guard as soon as they are mustered out of the service of the United States. Each company will be given its old letter and will be assigned, so far as possible, to the regiment to which it formerly belonged. The commissions of officers will be dated so as to make the term of office continuous and all enlisted men, who were former members of the guard and who were accepted as volunteers, will be permitted to enlist for one year. All others must enlist for three years.

CAPTAIN HANSON TRAVELING

Left This Morning In Interest of Hanson Furniture Company.

Captain Charles L. Hanson, who has been in charge of Co. A since the company enlisted, left the city this morning for a two weeks' trip into Illinois for the Hanson Furniture Company. Traveling on the road is not a new occupation for Captain Hanson, and that he will meet with success will be the wish of his many local friends.

Several members of the company have gone to work in the city, while many others have left for their homes in different parts of the country.

Strong Article on Daudet

"Alphonse Daudet in Private Life" is the title of a very interesting article in the November Pall Mall Magazine, by J. F. Raffalli, a life long friend of the famous novelist. M. Raffalli, who is an eminent French painter, himself illustrates the article, which includes a few selections from one of Daudet's private note books, in which he recorded everything that came into his mind concerning the character and intelligence of the persons who were to figure in a projected work. M. Raffalli asserts that Daudet's nature was essentially childlike and that in consequence of this feature of Daudet's character, the books in which he best shows his original qualities are those where we find the best and the most of this childlike attribute of imaginative story telling, namely, in three "Tartarin" stories. M. Raffalli, "is Daudet himself," he is our southerner large and good hearted, a great dreamer, whole-souled and blessed with a joyful imagination.

WERE MARRIED THIS MORNING

Nine O'clock Ceremony Performed at St. Mary's Church.

At 9 o'clock this morning at St. Mary's church, Rev. W. A. Goebel pronounced the words that united as husband and wife Miss Sarah Agnes Newman and George Knipschild, both of La Prairie.

Following the ceremony the happy couple were driven to the home of the bride, where a wedding repast was awaiting them. Both bride and groom are well known, and a host of warm friends extend hearty congratulations. A large reception and dance will be held in honor of the event at La Prairie Grange hall this evening.

Sawmill Destroyed.

Marion, Ind., Oct. 26.—The boiler in the sawmill owned by Humphrey Gaunt blew up Tuesday. Three employees—James Moore, William Swafford and Sam Adams—are now lying at the point of death. Insurgents Withdraw in Peace.

Manila, Oct. 26.—The insurgents have peacefully withdrawn to the distance desired by the American officers, except in Galocan, the northern suburb of Manila. The Sixth artillery will go to Galocan today. It is thought probable that there will be no opposition to this movement.

Hand Book of Business Law

E. W. Spencer, of Milwaukee, has compiled a text book on "Commercial Law" that cannot fail to be of great value in business houses no less than in the class room. It contains a clear, concise and logical exposition of the rules relating to business transactions and the management of affairs. Its summary of the laws relating to contracts, agents and partnerships will be recognized as of especial value. The book is published by the Bower-Merrill Co., of Indianapolis.

HAWKINS RETURNS FROM KLONDIKE

JANESVILLE MAN HAS PLENTY
OF WEALTH.

Washed Out \$17,000 Worth of Gold At One Time—Will Return In January To Dispose of His Claims—Is Looking the Picture of Good Health—One Claim Brought \$6,000.

Morris Hawkins, who left Janesville many months ago for the Klondike gold fields a poor man, has returned a man of wealth. He is now the guest of his sister, Mrs. Alexander H. Barnes, of No. 15 Linden avenue. Several months' residence in the frozen north has not affected his health in the least, and he looks the picture of happiness.

Struck It Rich

As to the financial part of his venture, he needs never worry himself in the least about his future welfare. Mr. Hawkins after leaving this country went to Alaska for the purpose of working at the carpenter trade for a party of saw mill prospectors who made their fortune there. While there the Klondike gold fever struck the country and long before the news reached this part of the country Hawkins and his party were on their way to the fields of gold where they managed to get hold of valuable claims. Hawkins and a partner struck it rich from the start. Last winter they worked leisure time on claims throwing out dirt enough to pan \$17,000. The work was done in the winter with the aid of fires, for they were less troubled then by running water, which bothers the miners much in the summer months. One other unworked claim they secured \$6,000 for, besides plenty of other money that they made.

Is Well Fixed.

Mr. Hawkins when he went into Alaska was making \$15 a day wages. He now holds interests in several valuable claims which are now being looked after by his partner. Mr. Hawkins returns in January for the purpose of disposing of his property, and then it is his intention to return to this country and enjoy the balance of his days in comfort.

NEWS OF PERSONAL NATURE

GYPSIES AS HIGHWAYMEN

A Band Recently Here Rob Two Men Near Cumberland.

The same crowd of gypsies that visited Janesville this summer begging and telling fortunes in every part of the city are now in jail at Cumberland, Wis., on the charge of highway robbery. It is said they held up two men who refused to deliver up their money and several shots were exchanged.

WISCONSIN TEAM IS STRONG

Beloit Men Say The Badgers Are Playing Possum.

[From the Chicago Times-Herald.]
The players of the Beloit college football team have picked the University of Wisconsin eleven as the strongest in the west at this time in the season. After having played Chicago, Northwestern and Wisconsin they say that other teams have something to fear in the badgers. Reports from Madison have been discouraging, but Beloit gives the information that the Wisconsin men are endeavoring to conceal their real strength in the hopes of springing a surprise. The following communication gives the opinion at Beloit:

To the Editor of The Times-Herald: Beloit wants to say regarding the Wisconsin-Beloit game at Milwaukee that she was fairly outplayed in the last half. But as the records show, it was any body's game in the first half. Beloit wishes, however, to warn Chicago that she will have a very lively team to meet in Wisconsin.

Somehow the impression has been given out that the Badgers are light, but the team is much heavier than Beloit's and bigger all around. The players believe they are the best Beloit has met this year. Chicago is liable to make the same error next Saturday with Pennsylvania that Beloit made with Wisconsin by playing three hard games one week after another. BELOIT.

INTEREST IN SISTER'S FAIR

The Attendance Still Continues Good—Attractions For The Future.

The fair of the sisters of St. Joseph's convent continues to be the center of attraction. The storm of last night kept many away, but tonight the hall will doubtless be crowded. Rev. Father C. F. McBride, of Oconomowoc, will speak and will sing popular songs. Rev. Father James Nichols, of Elkhorn, will also speak and sing. A supper will be served by the ladies of the parish in the vacant store adjoining Sherer's drug store from 5 to 8 o'clock, to which the public is invited.

Friday evening at the Sisters' fair besides Mr. Monahan's speech, the St. Patrick's church choir will render some special music prepared for the occasion under the leadership of D. Bennett. Prof. Thiele will render several solos on the cornet and violin. Smith's orchestra will also furnish music.

CONSIGNED TO MOTHER EARTH

Frederick L. Clark.

Frederick L. Clark, formerly a resident of Janesville, died at his home in Chicago yesterday afternoon. Death was due to a dose of carbolic acid. It has not been determined whether he took the liquid by mistake, thinking it was medicine, or with intent to commit suicide.

Clark was about fifty-five years old and had lived in Chicago fifteen years, being connected with various express companies. At the time of his death he was agent for the Erie Dispatch. Before he came to Chicago he lived in Janesville. He was a soldier in the war of the rebellion and a member of the G. A. R. He was married twice and the widow, a son and a daughter survive him.

While in Janesville he was proprietor of a grocery. His sister was Mrs. E. L. Dimock.

Ferdinand Quinn

The remains of the late Ferdinand Quinn will be exposed to the view of friends after 8 o'clock this evening at his late home on South Jackson street. The funeral will take place from the home tomorrow morning at 9 o'clock and from St. Patrick's church at 9:30. All friends of the family are invited to attend without further notice.

Charles M. Greene.

The funeral of the late Charles M. Greene, will be held from the residence of Mayor Thoroughgood tomorrow afternoon at 3 o'clock, and will doubtless be largely attended, as deceased had many friends, especially among the young people of the city.

Three More Dead Bodies Found.

Forest, Miss., Oct. 26.—The bodies of three more negro rioters were found in the swamps north of Haversville Tuesday, which swells the list of killed to fifteen—fourteen negroes and one white. One of the negroes, who was wounded during the riot and who escaped into the swamps, went to Walnut Grove today and surrendered in order to get medical treatment. The race war is now at an end. The blacks who were not killed or captured have all escaped into the Pearl river swamp and the whites have abandoned the chase. Bill Burke, the leader of the blacks, has not yet been apprehended. The negroes who were captured have all been taken to Meridian for safe-keeping.

May Ask for a New Trial.

Chicago, Oct. 26.—Attorney John S. Runnels, general counsel of the Pullman company, says a petition may be presented to the supreme court asking for a rehearing of the case involving the violation of its charter by the company. If this step is taken, Mr. Runnels says, the recent decision declaring that the Pullman company has violated its charter may be set aside.

Engineer Dead in His Cab.

Susquehanna, Pa., Oct. 26.—Henry Kingsley, engineer of an express train, was found dead in his cab Tuesday morning, his head being crushed. The fireman was at work on the tender and did not know that anything had gone amiss until the train whizzed past a station. It is supposed that Kingsley was struck by a water crane.

EASTERN STARS HOLD CONVENTION

TWELFTH DISTRICT MEETS
AT BELOIT.

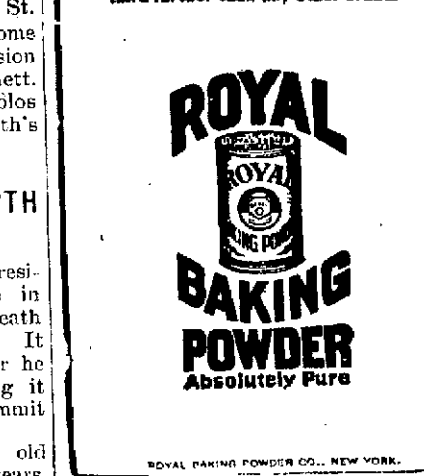

Work Was Exemplified By Some Of the Visiting Chapters—Janesville Delegates Were In Attendance—Occasion Was One of Great Interest to Members of the Order.

Beloit, Oct. 26.—[Special]—The Twelfth District Order of the Eastern Star held its annual convention yesterday with Evening Star Chapter of Beloit, who made fine preparations for the entertainment of about 200 guests. There were delegations from Janesville, Milton, Evansville, Edgerton, Darien and Clinton. The principal business of this convention was the exemplification of the work of the order. The Darien Chapter opened the work. Supper was served at 6 o'clock. After supper Beloit did the degree work. Janesville the floral, and Darien the closing work. Supper was served in the hall directly underneath the lodge room, where plates were laid for 250 guests. One of the tables was shaped to form a five-pointed star. The decorations were very elaborate.

Besides representatives of the Eastern Star chapters from the Twelfth district, many visitors were present from Monroe, and other towns. Among those present were Mrs. Washburn, of Racine, grand worthy matron of Wisconsin, and most worthy associate grand conductress of the order, and Mrs. Cynthia Bishop, of Fond du Lac, associate grand conductress of Wisconsin. These ladies were guests of Mrs. Lipman, worthy matron of Eastern Star Chapter.

HURTS PEOPLE'S PARTY.

Missouri Supreme Court Officially Recognizes Middle-of-the-Road People.
St. Louis, Mo., Oct. 26.—The middle-of-the-road populists were officially recognized Tuesday by the supreme court of Missouri as a regular party in this state. A writ of mandamus was awarded compelling the secretary of state to place their ticket on the official ballot. The court was unanimous in its decision.

By this decision the court has made the faction commonly called the middle-of-the-roads the regular populist party. The result will be far-reaching, since it officially exterminates in Missouri the faction of the people's party which has been operating with the democratic party. The secretary of state, interpreting the decision, says it practically would nullify the Australian ballot law. Now, he declares, any number of voters, no matter how small, can secure representation on the official ballot by naming a ticket and filing in the regular form, this being the only condition exacted.

Heretofore it has been necessary for the party wanting representation to have polled a certain percentage of the votes cast at the last election, or to have at least a specified number of signatures to the petition asking representation.

The speech of Father Abraham in the last number of Poor Richard's Almanac, published by Benjamin Franklin in 1757, "Contains the Wisdom of many ages and nations assembled and formed into one connected discourse." When first published it attracted world wide attention and was copied in all of the newspapers in America and England and translated into many foreign languages. Would you not like to read it? Yellow Jack Holding On.

New Orleans, La., Oct. 26.—The fever situation is what might have been expected after the developments of the past few days. Four places report a total of twelve new cases, Jackson and Madison, Miss., each reporting four cases, Harrison one, and Clinton three for the past three days. Alexandria makes an encouraging report, and every fever center heard from records much colder weather, with the temperature still falling. The recent frosts have checked the development of the fever elsewhere, with the result that each day marks the lifting of restrictions by several more towns in the south.

Supply of Grain in Sight.

New York, Oct. 26.—Special cable and telegraphic dispatches to Bradstreet's indicate the following changes in available supplies of grain last Saturday, as compared with the preceding Saturday: Wheat—United States and Canada, east of Rockies, increase 24,000 bushels; Liverpool Corn Trade News, afloat for and in Europe, increase 2,100,000 bushels; total supply increased 2,124,000. Corn—United States and Canada, east of Rockies, decrease 338,000. Oats—United States and Canada, east of Rockies, decrease 162,000.

Five Men Injured.

Grand Rapids, Mich., Oct. 26.—A boiler in the Valley City desk factory exploded Tuesday afternoon. William Bunk, a factory hand, was fatally injured by flying debris. The others injured were: Kohn E. Rainouard, engineer; John Reiberg, Frank Roy and Leonard Swedyk. The explosion carried away the side of the building, causing \$2,000 damage. The cause of the explosion is unknown. The boiler had been inspected recently.

Kidd Is Placed on the Stand.
Oshkosh, Wis., Oct. 26.—Thomas I. Kidd was upon the stand all day Tuesday and was examined and cross-examined with regard to the conduct of the strike and the part he had in it. He denied that he had managed the strike, said that the woodworkers' council had had charge, and that his duty was to look after the finances, attend to the distribution of the benefit money and represent the general organization.

Three Doctors in Consultation

From Benjamin Franklin.
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclinatio, Dr. Experience and Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by People's Drug Co., corner Main and Milwaukee streets.

Car Building Firm Fails.

New York, Oct. 26.—John Stephenson & Co., the well known car-building firm, has been placed in the hands of receivers on application of representatives of a majority of the directors of the company in proceedings for voluntary dissolution. The liabilities, including all the mortgage indebtedness on real estate, are approximately \$700,000. Attorneys for the company said the assets would probably equal the liabilities.

Sunday School Conference.

Chicago, Oct. 26.—Delegates from 110 of the northwestern states to the annual conference of the American Sunday-School Union for the northwestern district gathered on Tuesday at the Chicago Bible Institute, 80 institute place, to attend the opening sessions of the conference. Despite the gloominess of the day their enthusiasm was not clouded, and the exercises were entered into with spirit. The conference, which is to extend through the week and to Monday of next week, is attended by delegates from Iowa, Illinois, Wisconsin, Minnesota, Nebraska, North Dakota, South Dakota, northern Michigan and Montana.

Active Preparations for War.

Victoria, B. C., Oct. 26.—The preparations at Esquimalt, the naval depot of the British North Pacific squadron, continue unabated. An air of activity pervades all departments. The amphion, which it was understood would not go into dry dock until after another steamer already booked had been dealt with, received instructions today from the admiral of the fleet to commence the necessary work immediately, and she entered the dry dock. The officers do not deny that the preparations now going on are due to the strained relations between France and Great Britain.

Our Cigar Department

Is the most complete in the city.
Our box trade is steadily growing.

We can give you a very good domestic Cigar, 25 in a box—Prize Medal and Excelsior
—at 50c; nothing like them in the city for the money. We have a cigar called the Mascot,
12 in a box, for 50c. En Ruta, a 5c straight cigar, the finest article that fine stock and
good workmanship can produce for the money; this cigar cost \$40.00 per M at the factory.
You all know what the Fan Tan, Bill Baxter and Red Cross, 5c cigars
are; it is needless to exalt their merits, we always have them in our case. A great many smokers are looking for a mild, fragrant, good 10c cigar, 3 for 25c or \$3.50 per box;
we think we have found this cigar in the "Standard," made by Sprague, Warner & Co.; are already having a splendid box trade on it. A few particular smokers are looking
for a pure Havana cigar that is not so heavy as to raise your hat at each smoking. We were lucky enough to secure some strictly all Havana cigars (and you know they are
scarce these days) called the Diana Petit Invincibles. Don't get an idea because we call your attention to these cigars that they are cheap because they are not. They
retail at 15c; 2 for 25c. The factory price on these goods is \$110.00 per M.
